"I had an amazing experience here at the Advanced Reading Concepts. I was able to apply prior knowledge from the introduction class. I now feel confident in my reading and comprehension skills. I also feel well prepared to take tests and take effective notes in classes. I will be recommending it to my peers for reading, note taking and much more. Thank you. Thank you!"—*D H. Reynoldsburg HS senior*

"I am glad that you are still envisioned to equip young and not so young be the best they can be! My son scored 2 points higher on the ACT and also got into Medical School! He believes his experience with your program and the tools you shared with us helped him on his journey. He is not alone. I know when I review your tools and revive my good reading habits that my speed and comprehension increase. Bless you and your team!"
